Daniel's Direction A

Daniel's own first floor: a closed parents' suite behind one door (bedroom, a 45-degree hall, a curved his-and-hers dressing, a lounge and a shower room), two flexible rooms off the landing, and the children on the street side.

- Up the stair and along the landing, one door shuts off the whole parents' wing: bedroom, dressing, a sofa lounge over the garden terrace and its shower room are all behind it.
- Inside, a short hall turns at 45 degrees towards the bed; the dressing is one room behind a sliding door in that angled wall, its corner rounded, with wardrobes round three walls and a centre island that splits it into two halves.
- The bedroom faces a TV on the east wall and has a bench at the foot of the bed; the lounge has a curved corner sofa against the east wall and the terrace glass, and the shower room opens off the lounge.
- On the landing: a small kitchenette niche, and two rooms Daniel has labelled 'Prayer room / Laundry' (one 2.72 × 1.84 on the west stack, one 1.43 × 2.69 beside the stair), still to be assigned.
- The children's side: a 4.50 × 3.67 bedroom with a long desk for two, a 3.84 × 5.63 play room / mini gym, and a kids bath with a walk-in shower and double basin between the landing and the west wall.
