Daniel's Direction B

Daniel's own first floor: one open master suite behind a single door (bed, lounge, curved 45-degree dressing and its own shower room), a prayer-and-laundry room with a kitchenette niche at the landing, and the children's side at the street end.

- At the top of the stair one door closes off the whole master suite. A short suite hall leads past the shower room door into an open suite: the bed in the west garden corner, a curved L-sofa in the east garden room, with a short 45-degree wall with a round niche half-screening the bed from the lounge.
- The dressing is one closed room behind a sliding door on a curved, 45-degree corner wall: two 0.9 m wardrobe blocks with an island between them, aisles on three sides.
- The suite's shower room sits on stack E1: WC under the east window, a 1.4 m walk-in shower and a vanity, entered straight from the suite hall.
- Along the landing: a 1.24 m kitchenette counter in a niche, and a combined prayer room and laundry (about 15 m2) with two doors from the landing.
- Children at the street end: a 4.5 × 3.7 m bedroom with a wardrobe under the stair and a desk for two, and through a small lobby a kids bath (shower, double basin, WC) and a 3.84 × 3.65 m play room / mini gym.
