Office KK 1 — family living

The office's first-floor plan as drawn: a closed master suite with two stacked dressings, and a family living with kitchenette over the garden.

- A true suite: one door off the landing leads into a private suite hall that serves the bedroom, the master bath and both dressings — nothing of the parents' is reached from the corridor.
- His and hers as two separate closed dressings stacked in the west bay, each with a 0.85 m centre island; hers runs the full width of the house to the corridor wall.
- Upstairs family living and kitchenette in the east garden room with a big curved L-sofa facing a wall TV, the terrace slider beside it and its own WC + shower.
- Service in one compact block at the top of the stair: kitchenette niche, laundry and the living's shower room side by side on stack E1.
- Kids wing on the street side: a 4.5 m double bedroom with twin 1.1 m beds sharing a nightstand, a 3.84 × 3.83 m play room / mini gym and a kids bath between them.
