

T1-R1

Master plan, round 1 — the council's fixes

Same bones as your master drawing. Every fix the five reviewers agreed on, and nothing else.

- Kitchen gets the street window and a 3-stool island; pantry becomes a 3.4 m² walk-in; a pocket door from the hall makes the shopping route 6 steps.
- A real entry sequence: vestibule with a glazed door, guest WC off the vestibule, 2.2 m coats-and-shoes wall in the hall.
- The 50 m² salon becomes two rooms in one: TV living for 7 in the east bay, a garden lounge by the terrace in the west bay.
- Upstairs: hotel suite door facing the top of the stair; walk-in shower with double basin (no tub); kids wing behind one door with the bath opening from inside the playroom.
- Utility lobby at the stair top: kitchenette back-to-back with a side-by-side laundry on the old ensuite stack; suite lounge keeps its own lockable door and a shower room for stage 3.

What changed

- Pantry 7.1 → 3.4 m²; kitchen window regained.
- Kitchen ↔ hall: new 0.9 m pocket door. Hall ↔ dining: new 1.0 m opening.
- Vestibule + glazed double door; guest WC door moved into the vestibule.
- Master shower room: tub out, 1.6 m walk-in + double basin.
- Laundry 1.9 → 2.7 m², machines side by side; kitchenette moved off the corridor onto the laundry's wet wall.
- Kids wing door; double room enters from the kids lobby; kids bath pocket door from the playroom; corridor linen cupboard 1.6 m.
