

T1-X

# Challenge the brief

*T1-R1 plus the points most of the council pushed back on.*

*Judge each alone; any can go back to the brief.*

- Ground flex room 11.2 m² (door, queen bed, wardrobe): a parent after a birth or surgery, a grandparent, you two in old age; a quiet room otherwise. Costs most of the garden lounge (21.8 → 9.8 m²).
- Guest WC gets a 0.9 × 0.9 shower (2.7 → 3.0 m²) for long stays. It is 3 rooms from the flex room: fine for a guest, not a wheelchair.
- Dining: table for 6 daily, extends to 2.4 m for 10 at Christmas and Easter (dashed). No extra floor; tight to the wall on feast days.
- One walk-through dressing (bed → dressing → shower): 6.4 m of wardrobe vs 6.1 m (hers 4.1, his 2.3), one wall and two doors fewer. You lose two closable rooms.
- Kids bath: 0.9 × 1.4 shower with hand spray + 1.2 m twin basin, no tub. Faster mornings; babies need a baby tub.
- Laundry takes the prayer slot on the kids-bath stack: window, drying rack, 2.8 → 4.2 m². Prayer becomes an icon alcove at the landing; kitchenette loses its sink.

## Challenges vs the brief

- 1 · Flex room +11.2 m² from the garden lounge (−12.0 m²); new west window.
- 1 · Guest WC +0.3 m² with shower (vestibule wall moves 0.2 m).
- 2 · Dining 11.6 m² unchanged; extending table 1.8 → 2.4 m (6 → 10).
- 3 · His 4.75 + hers 6.66 → shared dressing 10.85 m²; wardrobe +0.3 m; new 1.6 m² linen closet.
- 4 · Kids bath 4.3 m² unchanged: tub → 0.9 × 1.4 shower, twin basin.
- 5 · Laundry +1.4 m² with window + drying rack; kitchenette sink removed.
- 6 · Prayer room 4.2 m² → icon alcove 2.9 m² (−1.3 m²); frees the slot for the laundry.
- Note · Daniel has since ruled (19 Oct) that HIS dressing must be a closed room with a door; the shared walk-through dressing (3) is shown for comparison only.
